## Policy for Freedom of Information Revised November 2016

### **MISSION STATEMENT**

*Our school is a caring community, founded on mutual respect, where talent is nurtured and everyone is challenged to achieve their potential. Our goal is to inspire a love of learning and create confident, compassionate individuals, who are proud of their achievements and committed to the common good.*

This policy stands upon the school's philosophy and the governors' aims as detailed in the school prospectus 2017/18

# **Publication Scheme on information available under the Freedom of Information Act 2000**

*The governing body is responsible for maintenance of this scheme.*

## **1. Introduction: what a publication scheme is and why it has been developed**

One of the aims of the Freedom of Information Act 2000 (which is referred to as FOIA in the rest of this document) is that public authorities, including all maintained schools, should be clear and proactive about the information they will make public.

To do this we must produce a publication scheme, setting out:

- *The classes of information which we publish or intend to publish;*
- *The manner in which the information will be published; and*
- *Whether the information is available free of charge or on payment.*

The scheme covers information already published and information which is to be published in the future. All information in our publication scheme is either available for you on our website to download and print off or available in paper form. Some information which we hold may not be made public, for example personal information.

This publication scheme conforms to the model scheme for schools approved by the Information Commissioner.

## **2. School Aims and Objectives**

1. Every child should achieve the highest possible standard of academic excellence, within his or her capabilities.
2. Each child should be cared for as an individual.
3. Each child should be encouraged by his or her teachers in social, spiritual, academic, aesthetic, physical and moral development.
4. All should take place within a pleasant working environment and in a true spirit of close co-operation.

This publication scheme is a means of showing how we are pursuing these aims.

## **3. Categories of information published**

The publication scheme guides you to information which we currently publish (or have recently published) or which we will publish in the future. This is split into categories of information known as ‘classes’. These are contained in section 6 of this scheme. The classes of information that we undertake to make available are organised into four broad topic areas:

*School Prospectus* – information published in the school prospectus.

*Governors’ Documents* – information published in governing body documents.

*Pupils & Curriculum* – information about policies that relate to pupils and the school curriculum.

*School Policies and other information related to the school* - information about policies that relate to the school in general.
