Year 2-

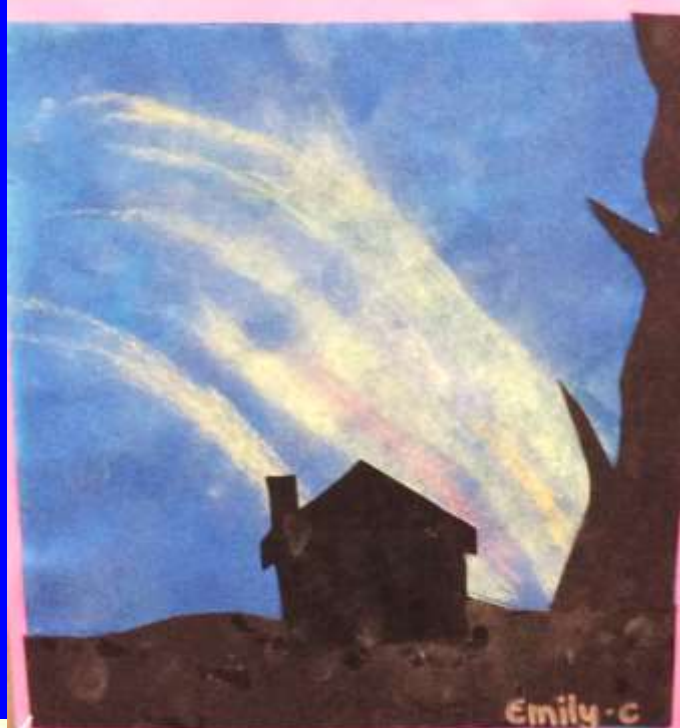

Scarlett, Myles and Emily C created beautiful silhouettes. They used brusho for the wash background, smudged chalk and then carefully cut out and stuck the silhouettes.

Year 3 have been writing the next chapter of The Secret Dinosaur. Sophie worked hard to improve her writing using fronted adverbials and adverbs.

Just under the fully grown apple tree, next to the wooden garden gate was the little ~~metal~~ Silver dino-saw with a hilt and a Silver Neck.

Soon after, Martin tried to climb out of the open glowing window but the sparkling window was too high. Next, Martin quietly stridled and stumbled elegantly down stairs hoping he would not wake up his sleepy parents, ^{as it was} ~~at~~ half past ~~Mid~~ Midnight.

Suddenly, Martin staggered out quietly with out a sound, and he looked ~~to~~ the wooden door shut. Martin slowly walked up to the ~~silver~~ Dino-Tex who was made out of metal. Happily, the Dino-Tex squeaked loudly to call the other ~~dino-tex~~ to huge Dino-Tex and they came as fast as they could to surround Martin. Before they bashed him, one of the Dino-Tex said this is Martin don't hurt him he is Martin, the groom who polished us at the precious Museum. Does this fit? → Quietly, through the streets in the elegant Museum was a time machine!

LO: To write a diary in character

Saturday 29th May

Dear Diary,

Vexed, I am so incredibly vexed! I just found out that my father wants me to marry someone and become a dancer!!!

He doesn't want me to grow up or be a firework-maker. It's all fine for me to make Java Lights and other baby stuff! I can't believe he would do such a thing, so I am now officially his (very mad) ex-daughter. I will never ever forgive him!!!

I'm still getting over the fact that he considered Chulak all about dangerous Mount Merapi and rare royal sulphur, but not me. It's just unacceptable!!!

ee bottom { At the Workshop, I quickly wrote a note about never seeing my dad again, and to be honest even if he has done all this to me, I still need him. But don't think I'm going soft, I still sort of hate him.

I feel like a Crackle Dragon about to explode! So now I'm sitting on the grass calming myself beside a shiny, blue river writing this wonderful diary. Thanks for listening, but I must be on my way. Goodbye.

Year 5- Jessica really captured the character and emotions of Lila from the Firework Maker's Daughter.

L.O: To write a diary in character.

Date:

Dear Diary, ✓

Annoyed, I hate that my father only wants me to do "baby fireworks" - I'm hugely annoyed. My father says he wishes he had sent me to Aunt Jambavati (his sister) to teach me how to dance - because she is a dancer! I'm furious, just furious! Why did my father let me do all of the firework stuff if he is not going to let me become a firework maker! (?) ✓

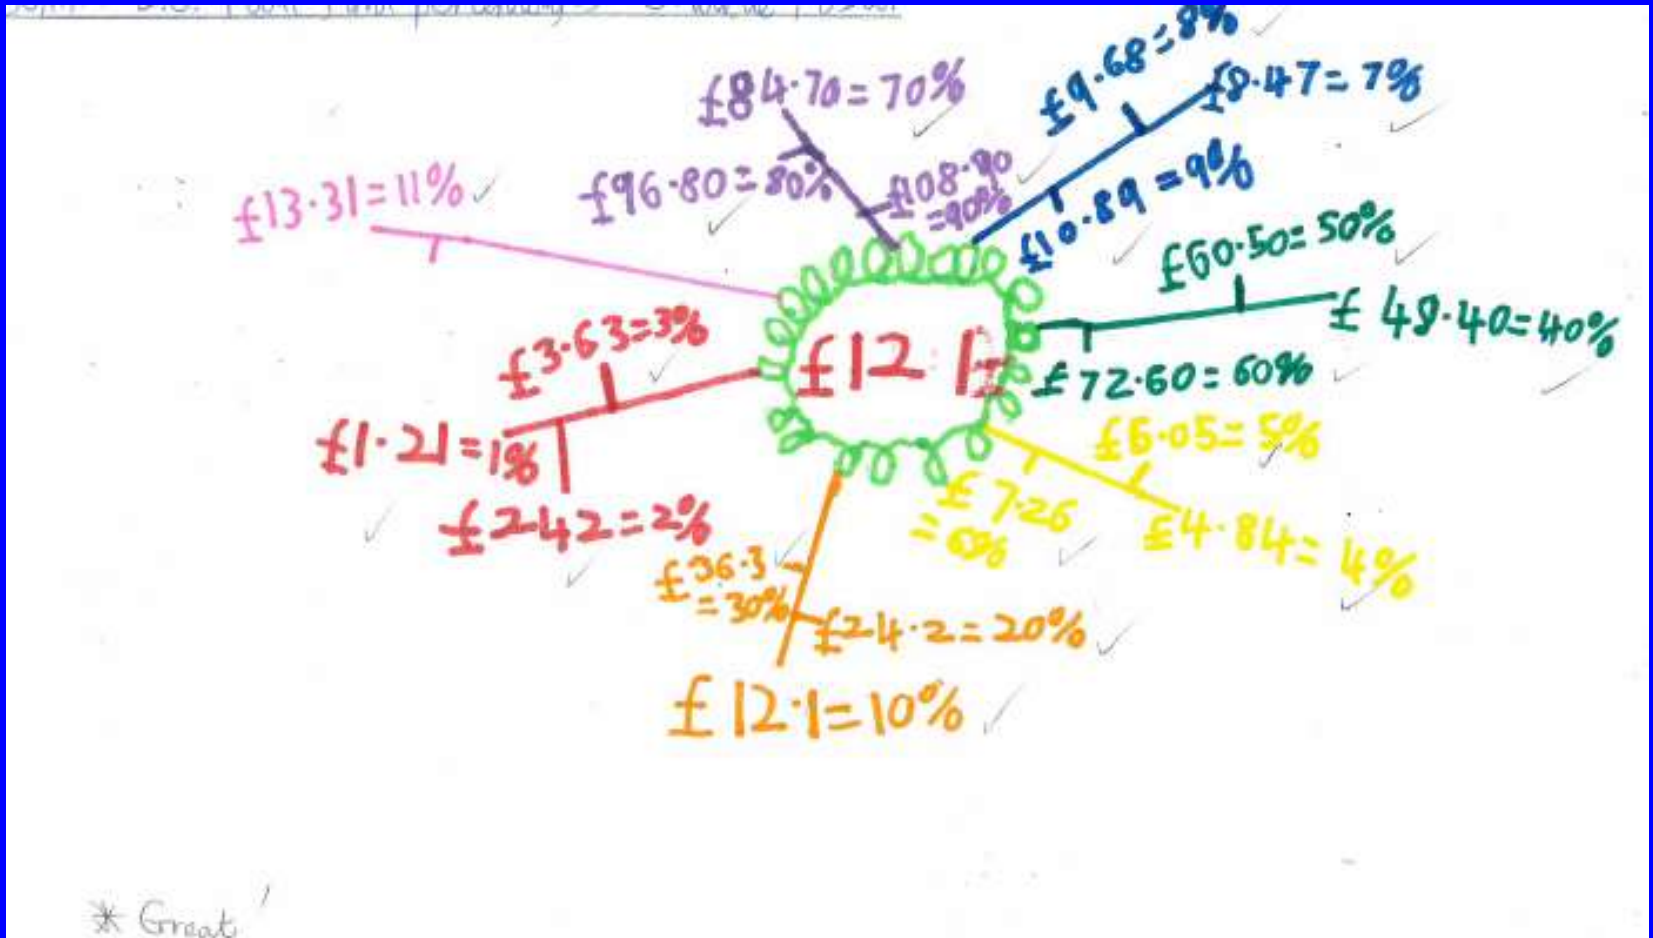

Ugg! I know I'm massively stressed, but I can't help it! I can't believe he only wants me to have a husband and to become a doctor but that's not what I want! I only want to become a firework maker! What's more he let Chulach into the firework secret and he won't let me, his daughter, into the secret! I have written a letter to him as I am now his ex-daughter because he doesn't trust me. I know! I feel like I'm going to explode. I'm so angry! This is what it says. ✓

Dear Father Ex Father ✓

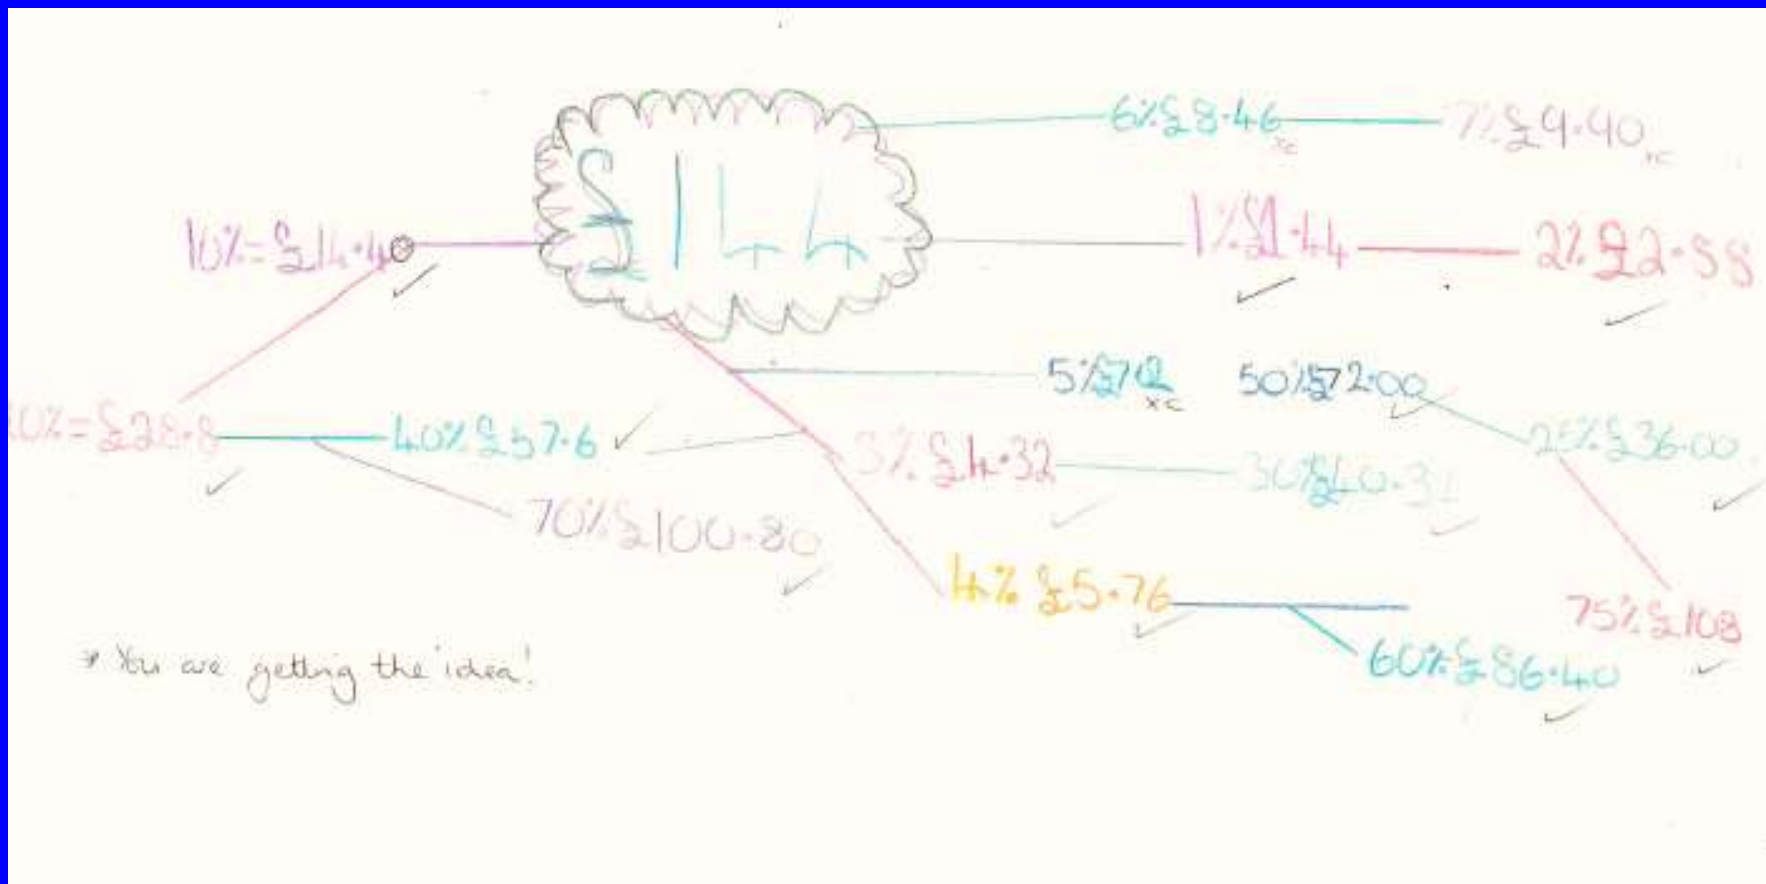

I am going to the fire fuid! I have packed a blanket and a little food. Good bye forever! I will put you out of business! Because I'm not a baby and I know you only want me to do 'baby stuff' yes I know! I will put you out of business! You see if I don't! Goodbye! I Will Never EVER See You Again!
